

# Promo/Giveaway Books

*“Everyone has a transferable commodity—knowledge. Sharing your unique expertise creates a lasting legacy.”*

~ Marsha Blackburn

Do you have some information to share, but not enough for a full-size book? Our smaller, “promo/giveaway” books are the answer! They are a compact size, with a smaller page count ... great for promoting your business or organization, or for providing information on a specific topic/issue in which you have first-hand experience.

- compact size - 4 x 7 inches
- recommended page count is 80 (although other options are available)
- with or without illustrations (black and white interior)
- use our printer, or upload direct to KDP/Amazon print on demand
